

IAWIND – Course Development Funding Opportunities

Description: Mini-grants intended for the development/improvement of wind-energy courses at IAWIND member institutions. Recipients of these mini-grants are required to provide IAWIND with a syllabus and course notes for posting on the www.iawind.org web site.

Purpose: To grow the capacity of current wind energy educational programs conducted at Iowa’s community colleges and research universities, and add depth to existing curricula.

Eligibility: Full-time tenure and tenure-track faculty and staff members for whom teaching is assigned as one of their primary job responsibilities and have at least a 50% appointment at any of the Regents Universities, Private Colleges or Community Colleges are eligible to apply. Visiting faculty, lecturers, postdoctoral associates, fellowship trainees, medical residents, graduate students, and undergraduate students are not eligible.

Funding Amount: \$10,000

Program Duration: Must be completed by August 15, 2011
